Yadati, S., 111S

Subject Index

ADAPTATION

The Problem of Adaptation in the Study of Human Behavior, 61
Anorexia Nervosa, Amenorrhea, and Adaptation, 47S
Losing Behavior (Yielding Subroutine) and Human Depression: Proximate and Selective Mechanisms, 99S

AGGRESSION

Differences Between Playfighting and Serious Fighting Among Zapotec Children, 285

AGONISTIC BEHAVIOR

Depression as Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S
Losing Behavior (Yielding Subroutine) and Human Depression: Proximate and Selective Mechanisms, 99S

AGORAPHOBIA

An Evolutionary Perspective on Panic Disorder and Agoraphobia, 73S

AFFECT

On the Utility of Ethological Data in Psychiatric Research: The Example of Facial Behavior in Schizophrenia, 111S

ALTRUISM

A New Sociobiological Theory of Homosexuality Applicable to Societies With Universal Marriage, 37

ANOREXIA NERVOSA

Anorexia Nervosa, Amenorrhea, and Adaptation, 47S

ANTISOCIAL PERSONALITY

Sociopathy as an Adaptation, 63S

ANXIETY

An Evolutionary Perspective on Panic Disorder and Agoraphobia, 73S

BEHAVIORAL SCIENCE AND LAW

The Use of Legal Opinions to Test Sociobiological Theory: Contract Law Regarding Reciprocal Relationships in a Household, 221

BIRTH SPACING

A Suggested Adaptive Value of Toddler Night Waking: Delaying the Birth of the Next Sibling, 135
Bushman Birth Spacing: Direct Tests of Some Simple Predictions, 183

BISEXUALITY

A New Sociobiological Theory of Homosexuality Applicable to Societies With Universal Marriage, 37

BRIQUET'S SYNDROME

Sociopathy as an Adaptation, 63S

CHILD ETHOLOGY

Differences Between Playfighting and Serious Fighting Among Zapotec Children, 285

CHILD PSYCHIATRY

A Biological Meaningful Classification in Child Psychiatry That is Based upon Ethological Methods, 27S

CLINICAL INTERVIEW

The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

CLINICAL RATINGS

The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

COMPUTER SIMULATION

Demographic Factors Affecting the Fitness of Polyandry for Human Males: A Mathematical Model and Computer Simulation, 93
Sociopathy as an Adapation, 63S

CONCEPT FORMATION

A Biologically Meaningful Classification in Child Psychiatry That is Based upon Ethological Methods, 27S

DECEPTION

Human Hips, Breasts and Buttocks: Is Fat Deceptive?, 249

Ethology and Sociobiology 8: 316–320 (1987)

© Elsevier Science Publishing Co., Inc., 1987

52 Vanderbilt Ave., New York, New York 10017

0162-3095/87/$03.50

DEMOGRAPHIC FACTORS

Demographic Factors Affecting the Fitness of Polyandry for Human Males: A Mathematical Model and Computer Simulation, 93

DEPRESSION

Depression as Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S

Losing Behavior (Yielding Subroutine) and Human Depression: Proximate and Selective Mechanisms, 99S

The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

DIAGNOSIS

A Biologically Meaningful Classification in Child Psychiatry That is Based upon Ethological Methods, 27S

DIFFERENCE AMPLIFICATION

Losing Behavior (Yielding Subroutine) and Human Depression: Proximate and Selective Mechanisms, 99S

DOMINANCE

Depression as Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S

Losing Behavior (Yielding Subroutine) and Human Depression: Proximate and Selective Mechanisms, 99S

DYADIC INTERACTION

The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

ETHOLOGY

The Ethology of Psychiatric Populations: An Introduction, 1S

An Evolutionary Perspective on Panic Disorder and Agoraphobia, 73S

On the Utility of Ethological Data in Psychiatric Research: The Example of Facial Behavior in Schizophrenia, 111S

The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

EVOLUTION

An Evolutionary Perspective on Panic Disorder and Agoraphobia, 73S

EVOLUTIONARY BIOLOGICAL ANTHROPOLOGY

The Problem of Adaptation in the Study of Human Behavior, 61

EXEMPLAR

A Biologically Meaningful Classification in Child Psychiatry That is Based upon Ethological Methods, 27S

FACE

On the Utility of Ethological Data in Psychiatric Research: The Example of Facial Behavior in Schizophrenia, 111S

FAT DEPOSITION

Human Hips, Breasts and Buttocks: Is Fat Deceptive?, 249

FEMALE REPRODUCTIVE STRATEGY

Anorexia Nervosa, Amenorrhea, and Adaptation, 47S

FORAGING MODELS

Foraging Decisions Among Ache Hunter-Gatherers: New Data and Implications for Optimal Foraging Models, 1

GALLUS DOMESTICUS

Depression as Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S

GAME THEORY

Sociopathy as an Adaptation, 63S

Depression as Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S

GENDER

Human Sex Ratios as a Function of the Woman's Psychodynamics—A Preliminary Study, 49

GESTURES

The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

HAND MOVEMENTS
The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

HEAD MOVEMENTS
The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

HIERARCHY
Depression as Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S
Losing Behavior (Yielding Subroutine) and Human Depression: Proximate and Selective Mechanisms, 99S

HOMEOSTASIS
Physiological Regulation-Deregulation and Psychiatric Disorders, 9S

HOMOSEXUALITY
A New Sociobiological Theory of Homosexuality Applicable to Societies with Universal Marriage, 37

HOSTILITY
Depression and Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S

HUMAN EVOLUTION
Human Sex Ratios as a Function of the Woman's Psychodynamics—A Preliminary Study, 49

HUMAN SOCIOBIOLOGY
Inheritance of Wealth as Human Kin Investment, 171

HUMANS
Estimating Paternity Confidence, 215

HUNTER-GATHERERS
Foraging Decisions Among Ache Hunter-Gatherers: New Data and Implications for Optimal Foraging Models, 1
Bushman Birth Spacing: Direct Tests of Some Simple Predictions, 183

HYSTERIA, PRISONERS' DILEMMA
Sociopathy as an Adaptation, 63S

INCLUSIVE FITNESS
Inheritance of Wealth as Human Kin Investment, 171
Losing Behavior (Yielding Subroutine) and Human Depression: Proximate and Selective Mechanisms, 99S
Garden Labor Exchange Among the Ye'kwana, 259

INFANT MORTALITY
Bushman Birth Spacing: Direct Tests of Some Simple Predictions, 183

INFANT PROBLEM SOLVING
An Exploratory Study of Infant Problem Solving in Natural Environments, 205

INHERITANCE
Inheritance of Wealth as Human Kin Investment, 171

KIN SELECTION
A New Sociobiological Theory of Homosexuality Applicable to Societies With Universal Marriage, 37
Inheritance of Wealth as Human Kin Investment, 171
The Use of Legal Opinions to Test Sociobiological Theory: Contract Law Regarding Reciprocal Relationships in a Household, 221

LABOR
Garden Labor Exchange Among the Ye'kwana, 259

LAW AND SOCIOBIOLOGY
The Use of Legal Opinions to Test Sociobiological Theory: Contract Law Regarding Reciprocal Relationships in a Household, 221

LOOKING
The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

MARRIAGE
A New Sociobiological Theory of Homosexulaity Applicable to Societies With Universal Marriage, 37

MATHEMATICAL MODEL

Demographic Factors Affecting the Fitness of Polyandry for Human Males: A Mathematical Model and Computer Simulation, 93

MATING SYSTEMS

Demographic Factors Affecting the Fitness of Polyandry for Human Males: A Mathematical Model and Computer Simulation, 93

NATURAL SELECTION

The Problem of Adaptation in the Study of Human Behavior, 61

An Evolutionary Perspective on Panic Disorder and Agoraphobia, 73S

NIGHT WAKING

A Suggestive Adaptive Value of Toddler Night Waking: Delaying the Birth of the Next Sibling, 135

NONVERBAL BEHAVIOR

On the Utility of Ethological Data in Psychiatric Research: The Example of Facial Behavior in Schizophrenia, 111S

OBSERVABLE BEHAVIOR

The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

OPTIMALITY

Bushman Birth Spacing: Direct Tests of Some Simple Predictions, 183

ORNAMENTATION

Physical Attractiveness: Manipulation by Physique and Status Displays, 143

PANIC ATTACKS

An Evolutionary Perspective on Panic Disorders and Agoraphobia, 73S

PANIC DISORDER

An Evolutionary Perspective on Panic Disorder and Agoraphobia, 73S

PARENT-OFFSPRING CONFLICT

A New Sociobiological Theory of Homosexulaity Applicable to Societies With Universal Marriage, 37

A Suggested Adapative Value of Toddler Night Waking: Delaying the Birth of the Next Sibling, 135

PARENTAL INVESTMENT

Inheritance of Wealth as Human Kin Investment, 171

Bushman Birth Spacing: Direct Tests of Some Simple Predictions, 183

PATERNITY CONFIDENCE

Estimating Paternity Confidence, 215

PHYSICAL ATTRACTIVENESS

Physical Attractiveness: Manipulation by Physique and Status Displays, 143

PLAYFIGHTING

Differences Between Playfighting and Serious Fighting Among Zapotec Children, 285

POLYANDRY

Demographic Factors Affecting the Fitness of Polyandry for Human Males: A Mathematical Model and Computer Simulation, 93

PREDICTION

The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethobiological Methods of Observing Behavior Versus Clinical Ratings, 117S

PROTOTYPE

A Biological Meaningful Classification in Child Psychiatry That is Based upon Ethological Methods, 27S

PROXIMATE MECHANISMS

Physiological Regulation-Deregulation and Psychiatric Disorders, 9S

PSYCHIATRIC CLASSIFICATION

A Biologically Meaningful Classification in Child Psychiatry That is Based upon Ethological Methods, 27S

PSYCHIATRIC DISORDER

Physiological Regulation-Deregulation and Psychiatric Disorders, 9S

The Ethology of Psychiatric Populations: An Introduction, 1S

PSYCHIATRY
The Ethology of Psychiatric Populations: An Introduction, 1S

PSYCHOPATHIC PERSONALITY
Sociopathy as an Adaptation, 63S

PUBERTY DELAY
Anorexia Nervosa, Amenorrhea, and Adaptation, 47S

RECIPROCITY
The Use of Legal Opinions to Test Sociobiological Theory: Contract Law Regarding Reciprocal Relationships in a Household, 221
Garden Labor Exchange Among the Ye'kwana, 259

REGULATION-DEREGULATION THEORY
Physiological Regulation-Deregulation and Psychiatric Disorders, 9S

RELATEDNESS
Estimating Paternity Confidence, 215

REPRODUCTIVE SUCCESS
The Problem of Adaptation in the Study of Human Behavior, 61

RITUAL
Depression as Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S
Losing Behavior (Yielding Subroutine) and Human Depression: Proximate and Selective Mechanisms, 99S

SCHIZOPHRENIA
On the Utility of Ethological Data in Psychiatric Research: The Example of Facial Behavior in Schizophrenia, 111S

SCHJELDERUP-EBBE
Depression as Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S

SEX DIFFERENCES
Physical Attractiveness: Manipulation by Physique and Status Displays, 143

SEX RATIO
Human Sex Ratios as a Function of the Woman's Psychodynamics—A Preliminary Study, 49

SEX ROLES
A New Sociobiological Theory of Homosexuality Applicable to Societies With Universal Marriage, 37

SEXUAL SELECTION
Human Hips, Breasts and Buttocks: Is Fat Decptive?, 249

SOCIAL INTERACTIONS
Physiological Regulation-Deregulation and Psychiatric Disorders, 9S

SOCIOBIOLOGY
Human Sex Ratios as a Function of the Woman's Psychodynamics—A Preliminary Study, 49
The Ethology of Psychiatric Populations, An Introduction, 1S

SOCIOPATHY
Sociopathy as an Adaptation, 63S

SOUTH AMERICA
Foraging Decisions Among Ache Hunter-Gatherers: New Data and Implications for Optimal Foraging Models, 1

SPEECH-PAUSE BEHAVIOR
The Prediction of Short- and Long-Term Improvement in Depressive Patients: Ethological Methods of Observing Behavior Versus Clinical Ratings, 117S

SUBMISSIVENESS
Depression as Yielding Behavior: An Animal Model Based on Schjelderup-Ebbe's Pecking Order, 85S
Losing Behavior (Yielding Subroutine) and Human Depression: Proximate and Selective Mechanisms, 99S

SUCKLING
A Suggested Adaptive Value of Toddler Night Waking: Delaying the Birth of the Next Sibling, 135

YE'KWANA INDIANS
Garden Labor Exchange Among the Ye'kwana, 259

ZAPOTEC
Differences Between Playfighting and Serious Fighting Among Zapotec Children, 285
